the american design adventure continues the fascinating and detailed examination of industrial design begun by arthur pulos in american design ethic the first volume discussed and illustrated the objects and artifacts the major designers and schools of design from colonial times to the 1940s this second splendidly illustrated volume carries the story into the heroic era of american industrial design from the 1940s to the 1970s these were the decades of american industrial design's dominance when special exhibitions and world fairs made design a subject of national pride big business realized the influence that trademarks packaging and corporate identity programs could have on their bottom line and the world of fashion created a consumer demand for name brands and well designed products industrial design flourished under the capable hands of raymond loewy and charles eames while corporations like ibm rca herman miller and knoll were sponsors of the great american design adventure the extraordinary collection of illustrations that pulos has assembled documents all of these important design trends while evoking the nostalgia of the 50s and 60s when pop and rock held sway pulos probes all aspects of industrial designers and their work in education and private corporations in professional organizations and governmental agencies he also covers prefabricated housing graphics manufactured products from the exotic to the pragmatic and public systems from the sociopolitical to the economic

the phenomenon of studio goldsmithing when the history of art in the 1980s is written much of it will be etched in gold this is the time of the contemporary goldsmith an artist who chooses to work in precious metals rather than oils or marble the contemporary jeweler as artist has only recently become a recognized force with rare exceptions the whole field is little more than thirty years old but it is only within the past fifteen years that these jewelers have entered the jewelry mainstream the phenomenon of contemporary goldsmithing embraces an eclectic group of artists each with a unique vision each taking a personal path to jewelry producing they have as little relationship to the typical mass produced jewelry as a champagne maker has to a bottler of orange soda they approach a piece of art not a piece of metal the work is personal and a perfect expression of the back to the land movement that spawned it many of these goldsmiths were looking not merely for a way to make a living but for a way to make a life that was worthy of living running a business while trying to remain a creative metalsmith at the same time is the ongoing challenge the jeweler artists have solved or resolved these often conflicting needs in slightly different ways and in a beautiful variety of techniques and styles their methods their growth and their work are discussed here

interior design masters contains 300 biographical entries of people who have significantly impacted design they are the people historical and contemporary that students and practitioners should know coverage starts in the late renaissance with a focus on the twentieth and twenty first centuries the book has five sections with the entries

alphabetical in each so it can serve as a history textbook and a reference guide the seventeenth and eighteenth century section covers figures from thomas chippendale to horace walpole the nineteenth century section includes william morris and candace wheeler the early twentieth century section presents modernism s design heroes including marcel breuer eileen gray and gilbert rohde the post world war ii designers range from madeleine castaing to raymond loewy the final contemporary section includes ron arad and the bouroullec brothers these are the canonical figures who belong to any design history the book also contains less well known figures who deserve attention such as betty joel the british art deco furniture designer paul veyseyre the frenchman active in china in the 1930s and more recently lanzavecchia wai the italian singaporean duo whose work ranges from health care to helicopters global in its coverage the book is richly illustrated with over 600 black and white and color photographs

covering the principles of his planning cost effectiveness waste reduction efficiency population health management patient engagement and prevention this text is designed for those who will be responsible for managing systems and information in health systems and provider organizations

after he is involved in a prank that led to an elderly woman s injury twelve year old mitchell must make amends by participating in a police program in which he chats online with a nursing home resident
